# THE PERSIST KIDS ADVANTAGE

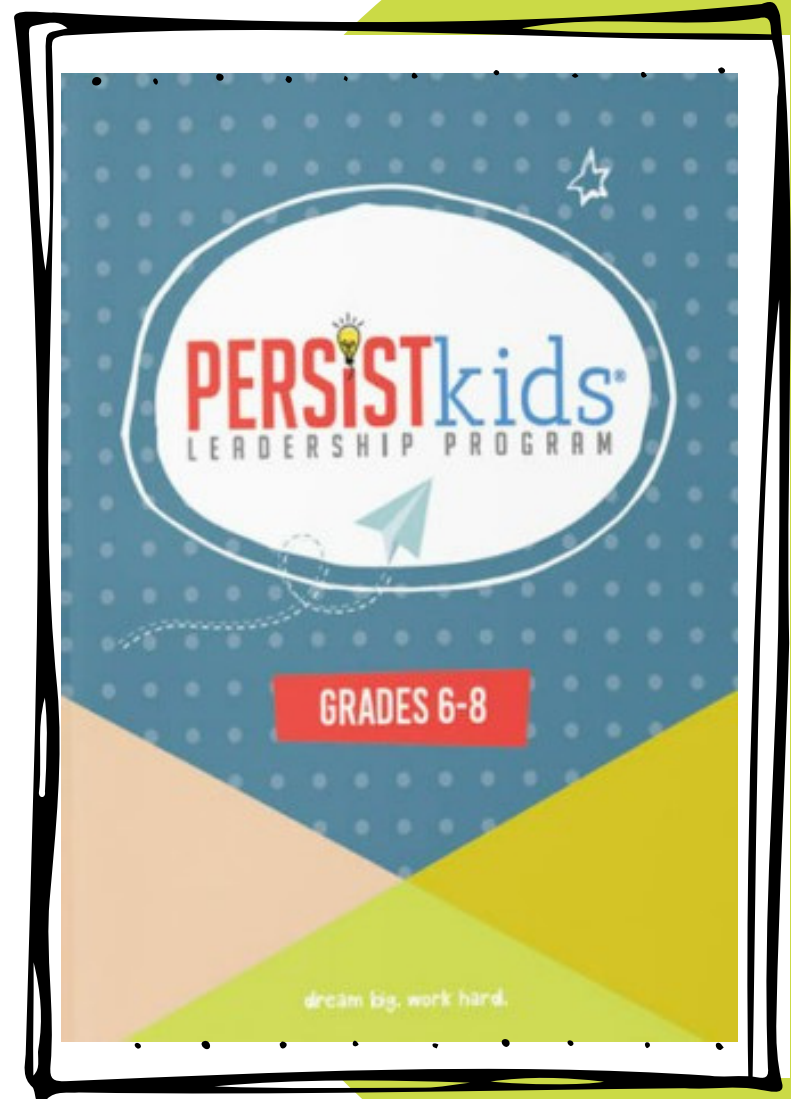

Welcome to Persist Kids - a science backed leadership program that teaches grit (don't give up) & growth mindset (practice improves ability), all within the context of social-emotional learning. That's a potent combo. Persist Kids' graduates are leaders in their community. leaders who set a goal, come up with a plan, and work diligently to overcome obstacles to achieve their dreams.

# DREAM BIG. WORK HARD. THE SKY'S THE LIMIT

The Persist Kids program is designed to instill in young learners the key skills and attitudes needed for academic and personal success.

Our program focuses on cultivating a growth mindset, building resilience, developing grit, and encouraging a positive self-image.

**AIM HIGH. BELIEVE IN YOURSELF.**

# PROGRAMS FOR GRADES K-8

For students in k-8th grade, learning grit and a growth mindset is especially important. Moreover, students who learn grit and a growth mindset at a young age are more likely to experience greater success and fulfillment in their personal and professional lives.
